- Support The Arc’s position of inclusion and abilities of people with disabilities, helping students to see their peers who have a disability as fellow classmates and friends.
- Able to give an approximate 45-minute discussion using materials related to inclusion and understanding of their peers with disabilities, promoting the abilities of the person.
- Outreach to the schools is done by The Arc and presenters choose a session that works for their timeframe in conjunction with the other presenters.
- Child Abuse and Criminal Check Clearances are required, but no supervision of the classroom is required as the teacher stays in the room.
